Task symbols

- N

Navigation and Multiscale Orientation
- C

Comparison and Differentiation
- F

Selection, Filtering, and Precision Interaction
- H

Sensemaking and Hypothesis Development
- R

Coordination and Collaborative Reasoning

Contextual and unresolved boundary examples (not matrix placements)

CPW - integrated computation unresolved. Talk to the Wall - non-life-science, command-only speech study.
Exocentric/Egocentric VR - biomedical evaluation context without evidenced assistance. iCAVE Immersive × CAVE - unresolved; Algorithmic × CAVE is supported.
